C650

**A GUIDE TO THE BENEFITS
OF A SPACE SAVING
PERFORMANCE DEVICE
FOR YOUR ENVIRONMENT**

**BUILT TO PERFORM.
BUILT TO CREATE.**

IDEAL FOR ANY BUSINESS WHERE SPACE IS AT A PREMIUM

7 You can expect massive performance from the super-compact C650. As the world's smallest high-performance A4 colour printer, the C650 **with Space Saving Technology thrives where space is tight and performance is a priority.** Typically, compact printers are compromised when it comes to quality, running costs and speed. The C650 turns this on its head by providing all the best attributes you'd expect from a workgroup device in the form of an A4 desktop colour printer, including unrivalled media handling and unbeatable cost-efficiency.

It's durable enough for warehouse use and can slot neatly into an enclosed space or on a production line and is equally at home in the back office.

Small frame requires the minimum amount of space

Full front access makes maintenance easy and reduces space required to service device

48% metal construction increases reliability and durability
